OSAKA ARSENAL AREA BOMBED

CAMPAIGN AGAINST DOPED JAP FORCES ON OKINAWA NEAR END

MASSIVE FLEET OF SUPERFORTS BOMB AND BURN OSAKA INDUSTRIAL AREA

By LEONARD MILLIMAN
Associated Press War Editor

End of the Okinawa campaign against 15,000 narcotic-stimulated Japanese in less than a week was foreseen today by one American commander as 450 Superforts bombed and burned Osaka, Japan's greatest military production center.

Newly seized harbor an dairfield the finest on the southern approaches to Japan, were being rushed into shape for the next major invasion—possibly the enemy's home islands or the China coast—even as details of this move were being plotted by ranking generals in Manila.

Coast Being Cleared

Chinese forces cleared a growing stretch of the China coast 450 miles west of Oknawa by chasing retreating Japanese into Futing, 105 miles north of the Chinese-held port of Foochow. Other Chinese columns in a 60-mile sweep through the Indo-China corridor seized a road junction 200 miles northwest of the Canton-Hong Kong harbor area, where jittery Japanese were preparing for any contingency.

The prediction that the major part of the Okinawa campaign may be ended within a week came from Maj. Gen. Roy Geiger, commander of the Third Marine amphibious corps, as remnants of the once powerful garrison of 85,000 were scqueezed into about 25 square miles at the southern top of the island. Simultaneously American doctors disclosed that spirits of the sodden, battle-fatigued Japanese were raised to a pitch of fanaticism by by liberal use of drugs.

British and Indian troops battered down increasing Japanese resistance in their mop up of Burma, while Yanks made two new amphibious landings in the Southern Philippines to speed the end of Mindanao Island campaign.

Filipino willingness to support the permanent American armed strength in the Pacific was indi-

NO FEDERAL AGENTS ON PREMISES HUMBLE INGLESIDE PLANT

SUPERINTENDENT OF REFINERY SAYS GOVERNMENT NOT IN CHARGE

HOUSTON, June 7—(AP)—Federal Judge T. M. Kennerly's order temporarily restraining the government from taking control of the Humble Ingleside refinery was Houston agent of the petroleum administration for war at 10 a. m. today by deputy U. S. Marshal Thomas C. Slocum.

Robert E. Hardwicke of Washington, Chief counsel for PAW, immediately referred the writ to the Department of Justice.

"I expect no unusual developments in the situation until a hearing on the Humble Company's petition is heard in Houston," he said.

Granger was the sole defendant directly named in the petition filed yesterday afternoon by attorneys for the company a short time after the company was advised of the government's contemplated action.

Hardwicke said the Ingleside refinery was, as far as he knew, operating normally, and that the PAW had no intention of interfering with production there.

The restricting order was signed by Judge Kennerly in Galveston yesterday afternoon.

CORPUS CHRISTI, June 7. (AP)—Superintendent Frank Goss of the Humble Oil and Refining company refinery at Ingleside, Tex., said no federal agents are on the premises today and that the government has not taken over operation of the plant.

Goss said S. E. Hill, representative of the Petroleum Administrator for War, posted notices on company bulletin boards yesterday saying the plant was under government supervision but that no action had ben taken since then.

Normal production is continuing at the refinery, Goss asserted.

The Humble Oil and Refining company was granted a temporary injunction by Federal Judge T. M. Kennerly at Galveston, Tex., yesterday against putting into effec an order by Presiden Truman authorizing seizure of the Ingleside refinery by the Federal Petroleum Administration for War. Judge Kennerly set a hearing on the case for Monday in Houston.

The temporary order restrains Gordon Granger, director of refining for District 3, PAW, from seizing the plant.

Humble company officials issued

YOUR RESPONSIBILITY

(AN EDITORIAL)

The very real and serious threat of an infantile paralysis epidemic is faced by the citizenship of Corsicana and Navarro county. This statement is backed by the fact that six cases of the disease have been reported.

Although all of the cases are said to be in a mild form there is no guarantee that this condition will continue. A large number of new cases are reported daily in the state and there have been a number of deaths.

The cause of the contagion is not definitely established but it is recognized medical fact that cleanliness and strict compliance with modern sanitary regulations will prevent a spread of the disease.

Many insanitary conditions have been found in Corsicana. Representatives of the State Health Department recently completed a sanitary survey here and the results were startling.

A clean-up campaign has been inaugurated. But for such a campaign to be a success the authorities must be given the full and sincere co-operation of the entire citizenship. This clean-up campaign is an individual responsibility and if the individual does not recognize this responsibility little can be accomplished by the authorities.

Don't take the attitude that "it can't happen to me." Polio is no respector of persons—the rich and the poor are alike fatally stricken—regardless of whether you live on the right or the wrong side of the tracks you and your loved ones are potential polio victims.

There is no reason to become panicky over the situation—the threatened epidemic can be controlled—but you as an individual must assume your duty and make it a personal matter in seeing that sanitary conditions here are corrected to meet demands of the city, county and state health officials.

Only the wholehearted co-operation on the part of the citizenship with the health authorities will make the clean-up campaign a success.

Clean-Up Campaign To Stop Polio Menace Is Launched By Citizens

By KATHERYN PATE
Daily Sun Staff

Corsicana and its surrounding area must clean up immediately if the health of its men, women and children is not to be jeopardaized now and in the future.

State health officials issued this warning at a mass meeting of Navarro citizens Wednesday night in the county court house. The well-attended meeting launched a cleanup campaign designed to rid residential and business premises of insanitary conditions which result in epidemics of contagious diseases.

Right now the Corsicana area has six reported vases of poliomyelitis and is faced with the worst polio epidemic in history if these condtions are allowed to remain, declared Martin C. Wukasch, state engineer.

Big Job.

Fred H. Harvey. Jr., chairman of the cleanup campaign, said "It's a big job we are beginning, and we'll probably meet with criticism from some quarters, but it's a job which must be done. I ask the co-operation of all civic and religious organizations in the county, both white and colored, in the days ahead."

Corsicana has been divided into districts, 10 east of Beaton and 23 west of Beaton, each with a committee chairman and staff of workers. These organizations will be named in Friday's Daily Sun, according to Mrs. Marion McAdams, who is compiling the lists.

Workers to Meet.

A meeting of all committee members, at which time instructions will be issued, has been called by Harvey for 8 o'clock next Tuesday night in the district court room. "These workers will contact every home in every town in Navarro county," Harvey said. "And their job will be one of inspection and suggestion, rather than criticism."

"We must educate ourselves as well as our neighbors how to live clean," said Dr. Will Miller, acting director of Corsicana-Navarro Health Department, who presided. "We must start now to stop this polio epidemic before it goes further. It can strike anywhere at any time and it is not confined to children."

Disease Control.

The way to control the disease, Wukasch asserted, is to break the chain of transmission. Flies, rats, mice and mosquitoes are all suspected carriers.

"Corsicana is not unique in its insanitary problems; there are other communities in the state just as bad off as you are, but why permit it?" Wukasch asked. "Even if your polio left tomorrow there are many other contagious diseases that could move in the next day as long as insanitary conditions are allowed to remain

So—Japs Have Many Problems; Could Be B-29s

SAN FRANCISCO, June 7—(AP)—Radio Tokyo broadcast today that Premier Kantaro Suzki held a five-hour "extraordianry session" of his cabinet this afternoon after he had reported to Emperor Hirohito on "general political affairs."

The broadcast, reported by the FCC, said the cabinet session "deliberated on the various problems of the day" and then adjourned. It gave no other details.

Before his audience with the Premier, Suzki conferred with Gen. Jiro Minami, president of the political association of great Japan, the powerful new totalitarian political organization.

The Domei News Agency an- the resignation of Sakusaburo Uchigaski, vice speaker of the Japanse house of representatives.

Cpl. W. L. Kelly Freed From German Prisoner War Camp

Cpl. Woodrow Lloyd Kelly, Thirty-Sixth Division medical corps, prisoner of war of the Germans, has been liberated and returned to the military control of the United States amy, according to a telegram received by his parents, Mr. and Mrs. W. O. Kelly of Frost.

Cpl. Kelly went into the armed forces in November, 1940, when the Texas National Guard units were mobilized and was captured by the Germans, Jan. 23, 1944. The message from the war department advising of the liberation of the soldier said he would be home soon.

War At A Glance

By The Associated Press

JAPAN—Superfortresses blasted Osaka war industries and arsenal in combination high explosive and fire raid, starting fires with unobserved results because of overcast.

OKINAWA—Marines completed occupation of Naha airfield. Infantry divisions pressed forward in southern area, further compressing remaining force at southern tip of island.

PHILIPPINES—Fighting flared in watershed area east of Manila. Eighth army sealed off Davao peninsula with two new landings on Mindanao.

CHINA—Troops pursuing withdrawing Japanese reached suburbs of Futing, less than 10 miles from Chekiang border and 105 miles north of Foochow.

BURMA—British tanks, artillery silenced strong Japanese positions north of Kalaw, South Burma, 95 miles below Mandalay. British-Indian troops reached milestone 18 on Toungoo-Mawchi road advance toward Thailand.

Sgt. Grady Hewgley Liberated From German POW Camp

Sgt. Grady E. Hewgley, engineer and turret gunner on a B-17 fortress has been liberated from a German prisoner of war camp, according to a message eceived by his wife, Mrs. Fayrene Hewgley, of Kerens.

Sergeant Hewgley was rescued May 2 and is now in France. He hopes to be home sometime in June, he wrote his wife.

Taken prisoner September 6, 1943, he was first placed in Stalag 7-A, nad later moved to Stalag 17-B in Austria. He was there at the time of his liberation.

Mrs. Hewgley lives with her parents, Mr. and Mrs. Tom Tramel in the Kerens community.

FINAL END OF BATTLE FOR OKINAWA ISLAND DECLARED IN SIGHT

ARMY ENGINEERS CONVERTING NAHA AIRDROME INTO EFFECTIVE U. S. BASE

By LIEF ERICKSON

GUAM, June 7.—(AP)—The "final end" of the battle ofr Okinawa is in sight, largely because Americans perfected a defense against Kamikaze (suicide) planes, Tokyo's press and radio admitted today as American headquarters announced capture of the big Naha airport and further compressing of the remaining Nipponese garrison.

U. S. 10th Army engineers moved swiftly toward conversion of the Naha airdrome into another effective base for air strikes against Japan, 325 miles to the north. The field, a prime objective of the 68-day campaign, was taken over yesterday by Sixth Division Marines.

Japanese Domei news agency reported from its own correspondents the imminent end of Rising Sun strength on Okinawa with "the war situation gradually becoming more disadvantageous to our side."

"Further," Domei added, "the enemy has been effectively employing rocket ships and planes, which have checked our special attack (Kamikaze) corps aircraft from getting to their target. Kamikaze pilots have sunk 13 American ships and damaged 45 at Okinawa.

Situation Grave.

The newspaper Ashai, in an editorial broadcast by Radio Tokyo commented the situation had become so grave "it is high time every bit of the nation's strength be thrown into this single battle of decision regardless of sacrifices involved."

Yomiuri Hochi likewise conceded the virtual end of Okinawa but contended "the whole course of the war whereon the rise or fall of the nation is staked, will not depend on the outcome of this battle of Okinawa alone."

Where the "final battle of decision that is still to come" will take place, Yomiuri did not predict.

The remaining 15,000 Japanese on Okinawa were squeezed into a 25 square mile area at the southern tip of the island, where

HOUSE APPROVED BRETTON WOODS MONETARY PROGRAM

RATIFICATION LEGISLATION GOES TO SENATE, BATTLE ANTICIPATED

WASHINGTON, June 7—(AP)—The Bretton Woods world monetary agreements were approved overwhelmingly by the House eoday.

The final roll call showed 345 for ratification and 18 against. All the opposition votes were cast by Republicans.

The ratification legislation now goes to the Senate, where the opposition predicted a vigorous battle.

Two presidents have described the agreements as laying the economic foundation for lasting peace. The opposition in two days of House debate, described the monetary plan as "a swindle and a fraud" and as an international WPA.

The United States is the first of the United Nations to act on the agreements.

Prior to its final action today the House beat down 325 to 25 a motion by Rep. Sumner (R-Ill), a leader of the opposition, to send

AMERICAN PUBLIC STILL WANTS TO KNOW IF RUSSIA WILL JOIN IN CRUSHING PACIFIC BRIGAND

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

One of the questions most often asked me by readers of this column as the Allies close in on Japan, is whether Russia is going to join us in crushing the brigands of the Pacific.

That's not an easy query to answer in view of the fact that there has been on official pronouncement for guidance, either from Moscow or the other Allied capitals. Marshal Stalin as usual has been exemplifying his nickname of "the Sphinx" by playing his cards close to his chest. For this reason any guess as to whether the Soviet Union will make war on Japan must be based on two tings—logic and significant trends.

On both counts, as I see it, the probabilities are that the Muscovites will come into the war.

When? Well, the bulk of their fighting strength in all categories is in European Russia. We must allow time for the shifting of much of this strength to far-off Siberia—a titanic undertaking. It might be several months before Moscow felt sufficiently well set—perhaps late summer or autumn.

Looking at the thing purely from the standpoint of self-interest, it's to the advantage of the Soviet Union (or so it strikes me) not only to see Nippon knocked out but to have a hand in the job.

Japan's whole grandiose warscheme of establishing a new order in East Asia under her domination is a direct challenge to every Russian interest in the Orient—territorial, political and economic. And the program is the culmination of a long series of aggressive acts against Russia, dating back to the Russo-Japanese war of 1904-5.

Of the recent trends, the one which seems to me to be most conclusive is Japan's own attitude of fear that Russia is about to declare war. We see this exhibited in the way Nippon is reported rushink troops from Southern China northward toward the Soviet

WHERE CHINESE CONTINUE TO GAIN—Unconfirmed reports said Chinese troops have occupied Liuchow, former site of an American air base in southern China. Along the coast, Chinese pushed northward in the Siapu area. On Okinawa the American campaign was nearing its conclusion. Shaded areas are Japanese controlled. (AP Wirephoto Map)

SUPERFORTS POURED BOTH EXPLOSIVES AND FIRE BOMBS ON CITY

JAPAN'S LEADING INDUSTRIAL CITY UNDER ATTACK OF 450 BOMBERS

By HAMILTON W. FARON

GUAM, June 7.—(AP)—In a marked departure from recent fire raids, 450 Superforts blasted war industries and the arsenal in Osaka, the Orient's leading industrial city, with high explosives and incendaries today in their tenth large scale raid on Japan within a month.

The B-29s hit this morning as Tokyo radio admitted 200,000 more Japanese have been driven from their homes by American air attacks and would be moved to farms to help raise Japan's meager food supply.

The bombers struck for three hours through heavy overcast. Results were not observed. But a joint Japanese army-navy announcement admitted fires were started in the northern and northeastern industrial sections. The enemy said flames were "steadily being brought under control."

Tokyo did not disclose the effect of high explosives [illegible]ed at the concrete and steel buildings of the huge Osaka arsenal where much of Japan's medium artillery and small arms are produced.

Fires Got Good Start.

But enemy broadcasters did complain that this tactic sent civilian air defense units racing to air raid shelters while other B-29s showered incendiaries on the factory district. The blazes they started, Tokyo said, got a good start before the fire fighters got out of their bomb shelters.

Almost simultaneously with the Superfort blow, Japanese dispatches said, 40 army and navy fighters from Okinawa swept over Kyushu island suicide plane bases. In this second raid in two days, Tokyo radio said, the fighters appeared to be primarily interested in broadcasting propaganda leaflets over the city of Kagoshima.

Enemy radio reports indicated only about ten Superfortresses dropped high explosive bombs on Osaka, while the greater part of the force concentrated on setting new fires.

Fires Near Osaka Castle.

Fires were started "in the areas around Osaka castle," 16th century home of Japan's rulers which was converted into headquarters for the Fourth Army Division, Tokyo admitted.

Japanese dispatches insisted "almost no damage was sustained by military installations in the city."

Strangest phase of enemy broadcasts was absence of the usual prompt and exaggerated report on the number of B-29s shot down. More than eight hours after the strike the only such claim was a recapitulation on Tuesday's Kobe raid.

This second blast in less than a

FAILURE TO TRY WAR CRIMINALS BE MOCKING THE DEAD

SUPREME COURT JUSTICE JACKSON RECOMMENDS SURE PUNISHMENT

WASHINGTON, June 7. (AP)—The chief American prosecutor of Axis war criminals today urged sure punishment for the guilty, and declared against any dilatory tactics in trial procedure.

The trials, said Supreme Court Justice Robert H. Jackson, must not be regarded in the same light as trials under the American system, where defense is a matter of constitutional right.

"Fair hearings for the accused are, of course, required to make sure we punish only the right men and for the right reason," he said. "But the procedure of these hearings may properly bar obstructive and dilatory tactics resorted to by defendants in our ordinary criminal trials."

Failure to try those accused, he stated, "would mock the dead and make cynics of the living."

Justice Jackson, chief of counsel of the United States in the prosecution of Axis criminals, told President Truman in a 5,000 word report that he had assurances from the War Department that those likely to be accused as war criminals "will be kept in close confinement and stern control."

Jackson said the preparations

War Bond Statement From Gen. Thomas

WASHINGTON, June 7—(AP)—A War Bond statement from Brig. Gen. Gerald C. Thomas, USMC, director division of plans and policies:

"The progress we are making toward destruction of our enemies represents the efforts of millions of fighting men. The war bond drive's fate will be decided similarly by millions of our home front fighters."

Stilwell Confers With MacArthur On War Strategy

MANILA, June 7.—(AP)—Gen. Joseph W. Stilwell, commander of army ground forces, has been in Manila conferring with General Douglas MacArthur, commander of all "on to Tokyo" ground forces, MacArthur's headquarters disclosed today.

Stilwell made several visits to forward areas, inspecting troops and examining terrain. He consulted with various commanders in the theatre.

There was little doubt that the primary subjects of the conference between the two generals were the next major American amphibious operation in the Pacific and the disposition of the 7,000,000 U. S. ground forces President Truman said will be used to crush Japan.

American commanders haven't said where the next big sea-orne push will strike—the China coast or Japan—but the Nipponese have been openly guessing that it would be Japan.

CHINESE PURSUING WITHDRAWING JAPS ALONG COASTAL ROAD

BIG FORMER U. S. AIR FORCE BASE AT LIUCHOW BACK IN CHINESE HANDS

CHUNGKING, June 7—(AP)—Chinese authorities announced today the capture of Mengshan, a highway and river junction 200 miles northwest of Canton and 80 miles east of the American airbase city of Liuchow, which also is said to be in Chinese hands.

Capture of Mengshan would represent a growing drive from west, southwest and south of Kweilin, former provisional capital of Kwangsi province an danother American air base city which the Japanese took in establishing their now ruptured land corridor to French Indo-China.

Mengshan is 85 miles south and slightly east of Kweilin, and Liuchow is 90 miles southwest of Kweilin. One Chinese force was last reported 55 miles west of Kweilin.

Both Chinese and American reports have told of the recapture of Liuchow.

The Chinese high command said Chinese forces, pursuing the Japanese northward along the Fukien coast, had reached the suburbs of Futing, 105 miles above Foochow and les sthan 10 miles from the Chekiang border.

Heavily Attacking

The announcement said the Chinese were heavily attacking enemy positions in the town and it was believed here that a Japanese retreat to Wenchow, 55 miles north of Futing was imminent.

An enemy relief force from Wenchow, which had thrust southward to aid the Japanse withdrawing from the Foochow area, was reported several days ago to have been less than 25 miles away from Futing. It was considered likely that a junction already may have been effected between these enemy forces.

In Eastern Kwangsi Province, where American and Chinese re-

GRAND JURY MAKES REPORT ON JUVENILE DELINQUENCY PROBE

NO NEGLIGENCE ON PART OF OFFICIALS IN DISCHARGE OF DUTIES

In a lengthy written report submitted to A. P. Mays, district judge, Thursday, the April term grand jury discussed the recent "juvenile delinquency" agitation and investigation, said that there had not been any negligence on the part of officials in the discharge of their duties in the matter, and voiced disapproval of the appointment of a truant officer. The report also said that a curfew law was not desired and urged the citizenry to co-operate fully in the curbing of mere rumors concerning the juvenile situation. The report did state that there is a lack of proper respect for constituted authority and requested that the law enforcement agencies have complete and wholehearted co-operation of the citizenship.

The report was signed by C. C. Roberts, foreman; V. T. Haynie, Lon Warfield, R. D. Mabry, R. Worsham, G. H. Campbell J. W. Fields, E. Park, A. F. Tinkle, W. C. Montgomery, and J. Dave Walker. The probers recessed subject to recall at noon Thursday.

44 Witnesses.

The written review of the findings of the investigating branch of the local governmental agencies showed that the grand jury interrogated 44 witnesses and was in session six days on the juvenile delinquency matter. The report stayed mainly with the four questions propounded them by Judge Mays in the following order:

First Question: "Has any official been negligent in the discharge of his duty in regards to the juvenile question?"

The report said there was "no evidence whatsoever" that any police officer, city or county, or city or county official handling juvenile matters had in any way neglected his duty, showed fav-

See GRAND JURY, Page 3.

French Invite Big Five Discuss Syrian Problem

PARIS, June 7.—(AP)—Authoritative quarters said today the French government had formally invited other members of the Big Five to participate in a conference on the Middle East.

French embassies in Washington, London, Moscow and Chungking were instructed to present the invitation, along with a short statement of France's reasons for calling the conference. A responsible source said no note was delivered in connection with the invitations.

This will require formal answers from the other countries. Prime Minister Churchill, at odds with Gen. De Gaule over the situation in Syria, told commons Tuesday that a five-power conference would "cause a great deal of delay and require very careful consideration on many grounds." He sought immediate mediation by the United States, Britain and France.

CHURCHILL DENIES SECRET AGREEMENTS WERE MADE AT YALTA

ONLY THOSE ALREADY MADE PUBLIC REACHED FINALLY AGREED UPON

By JAMES F. KING.

LONDON, June 7.—(AP)—Prime Minister Churchill told commons today that the Big Three made no secret agreements at Yalta that had not already been made public, but indicated that the discussions covered a wider field than the decisions officially announced.

Laborites asked specifically why differences had arisen over the broadening of the Polish government—an issue man believed settled at Yalta.

"There were no secret engagements entrd into at all," xcept the agreement to give Russia three votes at San Francisco. Churchill assured parliament. He then added signilifcantly:

"The conversations, of course, procfeeded in a very intimate manner and I am not prepared to say that everthing discussed at Yalta could be made the subject to a verbatim report."

The Big Three at Yalta were Churchill, President Roosevelt and Premier Stalin.

Churchill's statement in commons was made against a background of anxiety here that the Big Three leaders had left their last conference in the Crimea with varying interpretations of decisions reached there. Sections of the British press and critics of Churchill's foreign policy have pointed specifically to the deadlock over the Polish issue and to the differences arising at the San Francisco conference.

Moscow has insisted repeatedly that Russia was abiding by the Yalta decisions both as to broadening the Polish government at Warsaw and on every stand taken at San Francisco.

Churchill sidestepped attempts in commons today to drag him into debate over the conferences

See CHURCHILL, Page 7.

Bids Called For On One Navarro County Highway Project

AUSTIN, June 7—(AP)—The Highway Department today invited bids June 21 on the following projects, by counties:

Navarro Ellis and Dallas—5.6 miles soil asphalt base and single asphalt surface treatment in sections on U. S. 287 and State 34 and 114.

Nueces and Jim Wells—7.1 miles flexible base shoulders and double asphaltic surface treatment on State 44 from East edge of Agua Dulce to junction with U. S. 59.

Jefferson 4.7 miles flexible base mixed in place bituminous concrete pavement and double asphalt surface treatment on State 96 and 87 from 3.9 miles northeast of Port Arthur to south limits of Port Arthur.

Lubbock and Crosby—21-7 miles seal coat on U. S. 62 and 82 from Idalou to 4 miles East of Ralls.

Enrollment Summer School Reaches 142

Enrollment in the summer school totals 142 students, according to an announcement on Wednesday morning by R. A. Armistead, principal. The enrollment is like that of last year, but the summer session attendance normal times, the school executive said.

There are 122 in the high school classes and 20 in the grades.

STRANGE STIRRING OF WORLD FOLLOWED DEATH OF ROOSEVELT*

Recalls the Greater Influence of the Nazarene—Universal Tributes to Jesus, and Countless Disciples—A Journalist-Poet's Prayer—Our New Era of World Ministry

By WILLIAM T. ELLIS and EARL L. DOUGLASS

At the death of President Roosevelt the world witnessed a marvel—the universal outpouring of religious faith. There has never before been anything like it. Chiefly because of the new power of radio, the whole earth was able to express itself simultaneously. It seemed as if every tribute to the dead leader, whether by statesman, pracher or common man, was linked to the recognition of the President's consistently expressed trust in God. The old hymns wer sung again and again. Prayers were offered by men of all creeds The whole nation stood at attention in prayer at the hour of the funeral services. All over the land people gathered in their churches for memorial services of prayer.

One man's faith caused the world to turn to God.

Only One other who has ever walked this earth has caused such a concentration of devotion and God-consciousness — Jesus Christ Himself. The phenomenon of President Roosevelt's influence at his death but faintly echoes the outpouring of love for Jesus which is hourly witnessed over the globe. His name is on the lips and in the hearts of uncounted millions of all ranks and races and religions. It has inspired countless deathless hymns; it is preserved in art's best skill; it has evoked the highest tributes of human intellect. Fiction and philosophy and verse are in our day sounding in reenforced chorus the Name that is above every name Richard Watson Gilder put into the lips of an onlooker at the Crucifixion words which have been cherished for more than a generation:

"If Jesus Christ is a man—
And only a man—I say
That of all mankind I cleave to him
And to him will I cleave always
If Jesus Chirst is a god—
And the only God—I swear
I will follow him through heaven and hell,
The earth, the sea, and the air!"

A Soldeir's Prayer

As the Sunday Schools devote this one Lesson in a historical course to "The Ministry of Jesus" we are naturally moved to recall the great volume of testimonies to Jesus that have *come from* the armed forces. Their experiences have profoundly affected the public thinking, as the multitude of books attest. In their hearts our men know that they are fighting for the goals of Jesus, as He expressed them at the beginning of His Ministry, in the words of Isiah:

"The spirit of the Lord is upon me, because he hath anointed me to preach the gospel to the poor; he hath sent me to heal the broken hearted, to preach deliverance to the captives, and recovering of sight to the blind, to set at liberty them that are bruised, to preach the acceptable year of the Lord."

One of the unforgotten poems of the first World War was written by a newspaper man, *later* killed in action, Joyce Kilmer:—

"My shoulders ache beneath my pack,
(Lie easier, **Cross**, upon His back).
I march with feet that burn and smart
(Tread, Holy Feet, upon my heart).
Men shout at me whom may not speak,
(They scourged Thy back and smote Thy cheek).
I may not lift a hand to clear
My eyes of salty drops that sear.
(Then shall my fickle soul forget
Thine Agony of Bloody Sweat?)
My rifle hand is stiff and numb,
(From Thy pierced palm red rivers come).
Lord, Thou didst suffer more for me
Than all the hosts of land and sea
So let me render back again
This millionth of Thy Gift.
—Amen."

The Mission of the Master

We have been slow to realize that the mission of the Master was a social mission. He came to right what is wrong with the world, primarily by *offering salvation* to the individual. He proposed to change the world by changing the lives of the people who live in the world. His conception o fthe Kingdom of God on earth is a society of redeemed men and women, who will not hurt or *destroy* one another, for their lives are animated by the love of God.

As He stated His platform before his Nazareth neighbors, in the words of the old Hebrew prophet, He put first the needs of the poor. We read that message anew in the tale of Europe's and Asia's millions improverished by the war. And we realize that a principal objective of the San Francisco Conference is to fulfill the purpose of Jesus in behalf of the poor. It aims to implement—as we say today—the promises and moral requirements of the ancient Gospel. The captive, the bland and the broken, enumerated by Christ, as His objective, are also the objective of the United Nations.

This spirit, of a functioning minsitering Christian democracy, can alone save the post-war world from Fascism on one hand, or Communism on the other. The Bible is not definitely committeed to any one type of government, but its implications favor that association of free man which we call democracy The example and teachings of Jesus are today's most practical statesmanship.

SEVEN SENTENCE SERMONS

Faults in the life breed errors in the brain.
—William Cowper.

A real optimist is contented with his lot even if it is not a lot.
—Anon

We know not what the path may be
As yet by us untrod,
But we can trust our all to Thee.
Our Father and our God.
—William J. Irons

To see one's self is to be clear of sight.
Lao Tze

Again therefore Jesus spake unto them, saying, I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life.
—John 8:12

In simple trust like theirs who heard
Beside the Syrian sea
The gracious calling of the Lord:
Let us, like them, without a word
Rise up and follow Thee.
—Whittier

We are all travelers in the wilderness of this world, and the best we ca nhope to find is a friend.
—Robert Louis Stevenson

The Sunday School Lesson for June 10 is, "The Ministry of Jesus" —Matthew, Mark, Luke, John ..

Capt. Josephine Polk Lands of Chicago, Ill., is visiting in the home of her parents, Dr. and Mrs. L. C. Polk.

One Moment, Please
By JAMES A. JOHNSON
MINISTER WESTSIDE CHURCH OF CHRIST

I do not emphasize baptism too much. The religious world looks upon it too lightly.

Baptism is a command of God, and it is impossible to place too much stress on obeying his commands. Baptism is a religious ordinance, and God has given no non-essential ordinances. To say that he has is to accuse God of wasting time.

Jesus said in Mark 16:16, "He that believeth and is baptized shall be saved." Peter commanded in Acts 2:38, "Repent and be baptized for the remission of your sins." Ananias told Paul, "Arise, and be baptized, and wash away thy sins" (Acts 22:16). Paul wrote in Romans 6:3, 4 that we reach the death of Christ by baptism, and stated in Galatians 3:27 that we get into Christ and put on Christ by baptism. Peter declared in First Peter 3:21 that baptism saves us.

In all my work as a preacher I have tried never to stress baptism more than these men have.

You are cordially invited to attend all services at WEST SIDE
Church Of Christ

TWIN FINDS BROTHER — Lt. Vance Beckham, left, was rescued from a German prison camp by his brother Capt. Vivian Beckham, right They are the sons of Mrs. Inez Beckham of Monahans, formerly of Navarro county.

Capt. Vivian Beckham rescued his twin brother from a German prison camp just in time to use him as best man at his wedding.

News of the reunion came recently to the boys' mother, Mrs. Inez Nixon Beckham of Monahans a native of Navarro county.

Lt. Vance beckham, a prisoner of the Germans for 28 months, had been overseas only three months when his B-17 bomber was shot down by the enemy. He was placed in Stalag No. 3, and later in Stalag No. 7 near Moosburg.

Vivian a flight commander of the Eighth Service Command, received permission to search for his brother among the 34,000 boys released by General Patton's Third Army. He found him! And then when Vance arrived in London, he served as best man at his brother's marriage to an English girl, Miss Carol Garras.

The boys attended schools at Richland and Brenham, and finished at the College of Mines, El Paso.

Vance is now in a hospital in London, England, for a physical check-up before leaving for the states. He has gained 20 pounds since his release from the camp.

Mrs. Arthur Garrison and daughte, Bertha Lee, left on Tuesday for Pensacola, Fla., where they will visit Ensign and Mrs. W. M. Spear.

Family Reunion Held At Emhouse Sunday Home Mrs. W. W. Ray

A family reunion was held at the home of Mrs. W. W. Ray in Emhouse Sunday. All the children, with the exception of A. C. Ray of Inkohern, Calif., were present.

This was the first reunion since the death of the father, W. W. Ray, in 1939.

Those attending were Mrs. Ray, Mr. and Mrs. O. S. Rich and family of Black Hills, Mr. and Mrs. E. J. Brown and family of Emhouse, Mr. and Mrs. W. E. Stewart and family of Emhouse, Mrs. W. C. Fogleman and son of Orange, Mr. and Mrs. J. W. Wallthaw and family of Corsicana, Mr. and Mrs. W. C. Ray and family of Emhouse, Mrs. Virgil Jackson of Orange.

Pfc. Obert T. Hardin In Western Pacific

A 7th AAF BASE, Western Pacific—Private First Class Obert T. Hardin of Corsicana, Texas, on duty as a lineman with a signal heavy construction Battalion, has completed work on an important signal project on this Pacific island.

Private Hardin, whose organization has installed communications facilities on 17 advanced bases, received an official commendation last month for his work on Tinian. Proceeding through rugged hill country he and his platoon completed the project 24 hours ahead of schedule.

His wife, Alma, resides at 206 East First, in Corsicana. His mother, Mrs. Minnie Hardin, lives on Route 1 in Wortham. Prior to entering service, Private Hardin was employed by the American Well and Prospecting Company in Corsicana. He arrived overseas in November, 1942, and wears the good conduct medal. He also wears one Bronze Star on his Asiatic-Pacific ribbon.

ORDER OF EASTERN STAR INSTALLS NEW OFFICERS TUESDAY

At the conclusion of the regular meeting of the O. E. S. on the evening of June 5 an impressive installation ceremony of new officers took place. The retiring Worthy Matron, Mrs. Nell Castles, instructed the conductress and associate conductress to escort the installing officers to the East for introduction. They were Mrs. Edwina Milam, installing officer; Miss Adlyn Hays, installing marshal; Mrs. Lilla Jackson, installing chaplain; Mrs. Cora Smalling, installing organist, and Mrs. Corrie Belle DeLafosse, installing secretary. Then Mrs. Milam introduced the retiring Worthy Matron, Mrs. Nell Castles as assistant installing marshal.

The new officers to be installed were led in by the installing marshal and assistant installing marshal and after a short march formed a semi-circle in the west, as their names were called by the installing secretary they formed a semi-circle west of the altar where the obligation was given. They were then seated in a semi-circle in the west to await installation.

After the Worthy Matron, Mrs. Marguerite Buck, had received her charge and was being escorted to the East, ten past matrons, holding letters made of small flowers and forming the name "Marguerite" formed a semi-circle in the East, through which Mrs. Burk passed. Then the officers all sang a short ditty to the tune of "My Bonnie Lies Over the Ocean." The other officers installed and escorted to their stations were: Guy Buck, worthy patron; Mrs. Louise Bennett, associate matron; Arthur McCleary, associated patron; Mrs. Buena Halbert, secretary; Mrs. Geline Bee, treasurer; Mrs. Elsie Hughes conductress; Miss Inez Compton, associate conductress; Miss Jessie Mae Hilliard, chaplain; Mrs. Annie Laura Hudson, marshal; Mrs. Cora Smalling, organist; Mrs. Ruth Thomes, Adah; Mrs. Martha Conn, Ruth; Miss Genevive Castles, Esther; Mrs. Totsie Crawford, Martha; Mrs. Evelyn Lewis, Electra; Miss Montez Herod, warder; George Hudson, sentinel.

After the installation the new worthy matron and worthy patron gave their addresses. The worthy matron then had the installing officers brought to the East and she presented them with gifts and they in turn presented her with a gift. The Jr. matron and patron were then escorted to the East and Miss Hays presented the Jr. matron a past matrons pin and the patron a gift. There were numerous other gifts presented after which the new matron named her committees for the coming year. All the new officers and installing officers wore lovely corsages, gifts of the worthy matron and worthy patron. A large crowd was present with visitors from Richland, Ennis, Dallas, Athens, Seguin, Canadian and Oklahoma. After the chapter was closed in regular form all were served cream and cake.

Barry Schools Made Excellent Record In Recent Bond Selling

Barry schools secured a total of $2,500 pledges for bond purchases in the recent campaign through the county schools, according to an announcement Thursday. The school was inadvertantly omitted in the recent report on county school bond activities.

Navarro county schools secured the subscription of $68,150 in bonds of the Seventh War Loan.

Alamo Exposition Shows Open Monday

The Alamo Exposition Shows, biggest and oldest show in the State of Texas, will open a week's engagement in Corsicana Monday June 11, under the sponsorship of Headquarters Detachment, Texas State Guard, it was announced Thursday by Col. Joe Daniel.

The largest motorized show in the world, 95 motor propelled vehicles are required to move the show, according to statement by W. T. Martin publicity director of the organization who was in Corsicana Thursday.

"Twenty-five years under the same management is the record of the Alamo Exposition Shows" Martin said with pride.

Eight shows and eight rides will be presented for the pleasure of the amusement loving public.

Corporation Court

A negro man was arrested on East Fifth avenue for whipping his wife. He used a chair for the whipping instrument, his wife said.

A man was arrested in the 200 block of West Fifth avenue for intoxication and placed in jail. Another intoxicated man was picked up in the 200 block of North Commerce and jailed.

Three cars were tagged for overtime parking at meters. Another car was tagged for parking in the drive way in front of the city hall.

A negro man was arrested in the alley in the 100 block of West Fifth avenue for violating prohibition laws and placed in jail.

A woman reported a lawn mower had been stolen since Monday from 516 South Fifteenth Street.

A car was tagged for parking in the jail drive way in the 200 block of West Fifth avenue.

CORSICANA, TEX., JUNE 8, 1945

MORE POWERFUL WEAPONS

Recent revelations show how fortunate it was, in many ways, that the European war ended when it did. Not only were the human losses very great, but the devices for bigger and better methods of killing people, both fighting men and civilians, were improving right along. The current accounts of long range guns, capable of throwing rocket shells for 100 miles, and delivering them at the rate of 600 miles an hour, show what London and other European cities would soon have had to endure. "Multiple lang range artillery," as Winston Churchill calls it, grows steadily more powerful and more capable of delivering its lethal cargoes at long range. And it seems to be generally accepted now that there may soon be rocket bombs able to cross the Atlantic under their own power, delivering their deadly cargoes even to inland cities.

Our own country necessarily uses, or will use, many such new devices as they are developed, in our defensive war against the Japanese. But every intelligent American longs for the time when military use of these terrific explosives can be abolished, or merely stored safely under national supervision, against a possible time when other human destroyers may attack civilization again.

SLEUTH AFTER HITLER

The detective, beloved of fiction fans, is going to get an assignment which will make the average mystery writer wonder, "Why didn't I think of that?"

Hitler's rooms in the Berlin chancellery, according to a Moscow despatch, are going to be turned over to an expert criminologist to see of he can get any clues to the Fuehrer's present location. The rooms showed signs of hasty flight, says the report; till the detective arrives, they will be kept exactly as they are.

Mystery addicts might amuse themselves by speculating as to what fictional detectives would do the best job. Sherlock Holmes is an obvious suggestion; probably no one would turn this particular job over to Nick Charles. Hercule Poirot, being French, might fight it impossible to detach the functioning of his little grey cells from his emotional reactions. The best bet might be R. A. Freeman's Dr. Thorndyke, with his vacuum cleaners to collect and classify dust, and his range of unexpected miscellaneous information.

OUR BUSY ORDNANCE

Who won the European war? Add to the list of nominees the Army Ordnance Department. Since Pearl Harbor, according to figures released by Lieut. Gen. L. H. Campbell, Jr., chief of the department, 43,000,000,000 rounds of rifle and machine gun ammunition were furnished. Also such trifles as a billion shells, 17,000,000 rifles and pistols, 3,000,000 machine guns, 600,000 larger guns, and 3,500,000 vehicles. This last figure includes 100,000 tanks.

The Ordnance Department has been criticized for not always attending maximum speed in adopting new ideas. Whether or not this criticism is warranted, evidently it cannot be accused of being asleep. An output like the above can be rounded up from war plants only by plenty of activity in Washington.

Edgar A. Guest

SOME DAY.

Some day when peace is ours again
And hatred quits the hearts of men
When June means roses, brides and grooms,
And earth is decked with countless blooms,
And when the weeks for spawning pass,
When man may catch the smallmouth bass,
I'll push a rowboat from the shore
And spend a day with me once more.

Some day when every cannon's stilled
And closed are lists of lost and killed,
And men may give themselves to joys
They learned to love when they were boys;
May for a day of pleasure pause—
And not delay some greater cause—
I'll ask again my golfing pro
To tell me: "Keep the back swing slow."

Some day when conquered is Japan,
I'll be once more that long lost man
Who loved the woods, the fields and streams
And used to give himself to dreams;
I'll play 'til legs and arms are lamed;
Be muscle sore, but not ashamed,
And done with all that warfare brings,
I'll listen while some song bird sings.

CHURCHILL

Americans sometimes think they get into the worst political messes, but other democracies have difficulties, too. By the process of free elections, however, preceded by free discussion, the will of the people finally becomes plain.

Here's Churchill facing a general election in wartime, because his domestic policies are under criticism. He will probably win on July 5, in his capacity as war leader, just as Roosevelt did last autumn. But after the war, on the next round, his party will doubtless lose, with or without him, because democracies have a way of wanting to let the pendulum swing; and like ourselves, after one party has been long in office, they believe in kicking the rascals out.

It is an extremely interesting time to live in. And there have been few abler leaders in any party in the whole history of Great Britain than Winston Churchill, savior of his nation.

RE-EDUCATING GERMANY

American schools are often said to have too many women teachers, but apparently there is such a thing as not having enough. Werner Richter, former undersecretary in the Prussian ministry of education and, as such, in charge of university appointments, is now in this country. He sees considerable merit in the American scheme. In his book, "Re-educating Germany," he says that German teachers have run entirely too much to the non-commissioned officer type, and that a much larger use of women is the best way out.

As Richter says, "If Germany is to be cleansed once and for all of militarism, of blind obedience to authority, of the deadening effects of spiritual goose-stepping, the beginning must be made in the elementary school."

EAST AND WEST

The war moves steadily westward. Large numbers of American fighting men, coming back to "God's country," are being "alerted for redeployment" and sent on to join the war against the Japs.

It is one of the greatest movements of military forces in human history for one of the greatest purposes. And directions are curiously reversed. What we call the West is moving westward against what we call the East. And there is probably nothing we can do about such terminology. It's not only a small world, but an increasingly confused world. Shall we ever get untangled?

Censorship, as all good newspaper men will admit, occasionally has its points. It has now been revealed that the Nazi submarines sank no fewer than 20 vessels in the Gulf of St. Lawrence. It is easy to see how the publicaton of this news might have injured the United Nations at the time, and still more encouraged the Germans.

WOUNDED ON OKINAWA Pvt.—W. C. (Pete) Gunn, Jr., (right) recently wounded in action on Okinawa, is now in a Naval hospital making normal recovery, according to information received by his parents, Mr. and Mrs. Gunn, and his wife, the former Dorothy Walker, Pursley. Serving with the Seventh Division, infantry, he entered the service in Sept. 1944, and went overseas in January 1945. He attended the Purdon school. Left, pictured above, is Pvt. Nolan Dockery, 19, U. S. Army, infantry, now stationed on Luzon in the Philippines. He is the son of Mr. and Mrs. Pierce Dockery, Corsicana route one.

Dresden

DRESDEN, June 7.—(Spl.)—A light rain fell here Sunday night with lots of thunder and lightning.

Mrs. Bud Davis and little daughter, Linda, of Blooming Grove visited the E. B. Cagles Sunday afternoon.

Mr. and Mrs. Bruce Denbow and Ted visited Mr. and Mrs. Leo Hubbard Saturday night.

Mr. and Mrs. D. D. Hale of Barry and Mr. and Mrs. Dick Hale and children visited Mr. and Mrs. Clyde Hadley recently.

Mr. and Mrs. H. S. Crawford and children spent Sunday with Mr. and Mrs. W. W. Watson and children near Mertens.

Mr. and Mrs. T. T. Furra and Miss Jay visited the E. B. Cagles Saturday afternoon.

Jim Hodges spent last Saturday night with R. L. Cunningham and Orthur Mobley.

Mr. and Mrs. Leland Daniel and little daughters visited Mr. and Mrs. Tom Bell and daughter at Vivian, La., last week.

Mrs. B. H. Wood and son, Ray, spent several days last week with her mother at Hubbard, who was ill.

Mrs. Ann Whiteside and Miss Bessie of Corsicana spent last Friday with the T. T. Furras.

Mr. and Mrs. Herman Hitt of Corsicana visited Mr. and Mrs. Isom Hitt Friday.

Mr. and Mrs. Allen and Miss Blanche Brin of Dallas spent Saturday with Mrs. Jean Furra and family. Mrs. Wylie Phelps and Peggy, also of Dallas, spent the week end with Mrs. Jean Furra.

Visitors in the A. L. Morton home last Sunday included Mr. Mrs. Clyde Hadley, Mr. and Mrs. Dick Hale and sons, Mr. and Mrs. Loyd Morton and children.

Harvey Gissell of A. and M. College visited in Corsicana for the week-end.

Barry

BARRY, June 7.—(Spl.)—Mr. and Mrs. Lee Hutson and sons, Lee Lane and Miss Bertha Hutson of Garland, Miss Jo Pickerell of Dallas, Mr. and Mrs. J. T. Mason of Mertens, Mr. and Mrs. Otis Varnell and family of Blooming Grove were Sunday guests of Mr. and Mrs. M. E. Ragsdale and family.

Miss Marie Loyd of Hubbard spent the week end with Miss Billie Jo Russell, leaving Monday for Denton, where she will resume her studies at NTSTC this summer.

Mrs. Charles Burks and little daughter, Randolph Ann, and Miss Billie Burks of Rice spent Monday afternoon wth Mrs. Bert Mitchell.

Mrs. Roger Johnston left for Denton Saturday to spent the summer with her parents. Mrs. Johnston taught in the school here this year.

Miss Juanita McCarty returned home Friday from Plains, where she has been teaching in the schools. She was accompanied by her little niece, Mary Lou Young, of Ranger. Mary Lou will spend the summer with her grandparents, Mr. and Mrs. R. L. McCarty.

Mrs. L. I. Robinson and son, Dickie, of Corsicana spent Friday and Saturday with Mrs. Leo Pace.

Misses Raye Jean, Frankie Nell and Virginia Dell Shaw of Dawson were guests of Mr. and Mrs. J. L. Cox and family for the closing of school exercises. Misses Frankie Nell and Virginia Dell sang duet numbers on the programs Thursday and Friday evenings.

Sgt. James Gibson of Hammond General Hospital, Modesto, Calif., is home on a furlough.

Rev. Philpot and family of Dallas attended the graduation exercises of high school Friday evening.

Mrs. Mac Watkins, Miss Edna Watkins and Mrs. James Owens went to Waco Tuesday.

Mrs. Cloe Reese and family of Trinidad were here for the high school graduation Friday evening.

Mr. and Mrs. Baze Watkins of Fort Worth spent the week end with Mr and Mrs. Mac Watkins.

Charles Williams, son of Mr. and Mrs. C. O. Williams, left Saturday morning for California, where he will be stationed. Charles has enlisted in the Merchant Marine.

Mr. and Mrs. J. L. Cox and daughters, Mary Lou and Jo Carolyn, left Monday for a week's visit with relatives in Fort Worth.

Mrs. D. C. Tyler, who has been teaching in the school here, has returned to Milford to be with her parents, Mr. and Mrs. Lonnie Kemp.

Mrs. Lowell Reed left Monday for Midlothian to spent the summer with her mother. Mrs. Reed was principal of high school.

Officer and Wife Announce Arrival Of Baby Daughter

Capt. and Mrs. H. E. Steer of Evansville, Ind., announce the arrival of a daughter, Kathleen DeVerne, on Monday morning, June 4th, at the Navarro Clinic.

The maternal grandparents of the new arrival are Mr. and Mrs. G. B. Calder of this city and the paternal grandparents are Mr. and Mrs. Horace Steer of Dallas.

Capt. Steer, who is stationed in Savannah, Ga., has arrived for a visit with his wife and daughter.

BROTHERS IN EUROPE—Sgt. James Earl Orange, left, and Pvt. Herman Doyle Orange, sons of Mr. and Mrs. J. A. Orange of Madisonville, formerly of the Powell community, are both serving overseas in the European Theater. Private Orange, with the Third Army, wears the Purple Heart for injuries received in action in France.

Frost

FROST, June 7.—(Spl.)—Mr. and Mrs. Joe Sanders and baby of Dallas spent Sunday with his parents, Mr. and Mrs. W. F. Sanders.

Mrs. Iva Grimes returned Friday from a two months visit with her daughter, Mrs. C. M. Truex and family in Marion, Ohio, and relatives in New York.

CP Officer Chas. Harper, wife and baby and J. W. Harper of Little Rock, Ark., visited their daughter and sister, Mrs. Clay Reed and family last week.

LaVerne and Norma Jean Hightower of Fort Worth are visiting their grandmother, Mrs. M. G. Blankenship.

Mrs. J. A. Merrell spent Thursday with her parents, Mr. and Mrs. Bennett, in Mertens.

Mrs. J. R. Slay visited relatives in Dallas over the week end.

W. E. Stevenson and sister, Miss Louise, of Fort Worth spent the week end with their parents Mr. and Mrs. T. W. Stevenson.

Mrs. T. C. Evans and little daughters, Carolyn and Sandra, of Hillsboro are visiting her parents, Mr. and Mrs. A. F. Allen.

Mrs. Leona Hyer returned on Thursday from a pleasant visit in Biloxi, Miss.

Miss Imogene Reed has accepted a postion with the Johnnie E. Smith grocery in Corsicana.

Edwin Sheppard left Friday for Nashville, Tenn., to await re-assignment after a 30-day furlough spent with his wife and parents. His wife accompanied him.

Mrs. E. J Hightower spent last week with her daughter, Mrs. Cecil Johnson, and family in Groesbeck.

Mr. and Mrs. Ernest Bruner and family and Mr. and Mrs. Eugene Bruner and family of Dallas were week end guests of Mr. and Mrs. John Bruner.

Mr. and Mrs. Marvin Ivy and sons of Houston spent Saturday and Sunday with his mother, Mrs. W. A. Ivy.

Mr. and Mrs. C. O. Brown visited their daughter, Mrs. C. H. DeWolfe, and family first of last week.

Lieut. Ralph Benson visited in the homes of his grandmother, Mrs. N. L. Benson, and his mother, Mrs. N. L. Benson Jr., this week en route from Ellington Field to Fort Worth Army Air Field, his new assignment.

Mrs. R. L. Wheelock and daughter, Miss Betty Wheelock, left today to attend the Charity Horse Show in Dallas.

Navarro

NAVARRO, June 7.—(Spl.)—Mr. and Mrs. Sam Stroder of Wink arrived Tuesday to visit her father and aunt, Brit Marsh and Miss Leona Marsh, and other relatives.

Mr. and Mrs. Ben Horn and daughter, Mr. and Mrs. Hugh Tomilin, and niece, Christine Fuson, of Sweeney, visited last week with Mr. and Mrs. Pat Horn and other relatives. They were entertained with a fish fry on the river. The fish weighed 37 pounds and was caught by Newt Horn.

Mr. and Mrs. Bud Marsh of Corsicana were Sunday afternoon visitors with relatives.

Miss Minnie Collins of near Streetman is visiting Mr. and Mrs. H. B. Fouty.

Guests of Mr. and Mrs. Owen Cheney during the week included her mother and brother from Rockwall, and her sister and two children of San Antonio.

Mrs. Oliver Forbes of Breese, Ill., and Mrs. W. N. Boyde of Waco are visiting the Harvard and Horn relatives.

Mr. and Mrs. Charlie McCarter of Dallas are spending this week with his parents, Mr. and Mrs. Fate McCarter, and other relatives.

Sunday, June 10, is the regular second Sunday church service at the Baptist church. W. H. Day is pastor.

Misses Jane and Bobby Jo George returned to Texas State College for women to attend the summer sessions. They were accompanied by their sister, Miss Martha George, a 1945 graduate, who is enrolling for the summer sessions.

Mr. Farmer

Bring us your hens, fryers and eggs. We will pay you the highest market price in cash.

CONGRESSMAN ASKS PROBE INTO UNRRA; CHARGES COMMUNISM

By WILLIAM F. ARBOGAST

WASHINGTON, June 7—(AP)—Rep. Thomas (R-NJ) today called for a Congressional investigation of UNRRA. He termed the United Nations Relief and Rehabilitation Administration "the focal point for the Communist Party in the United States."

Thomas said in an interview he would ask the House committee on unamerican activities, of which he is ranking minority member, to make the investigation.

The law-maker disclosed at the same time that the committee, set up as the permanent successor to the old Dies committee, will begin hearings June 20 to investigate what he termed "the dissemination of Communistic propaganda" by an employe of the New York OPA Office.

Other committee members revealed that investigators have been checking on the price administration's New York Office since last month and said Chester Bowles, OPA head, would be the first witness when the hearings start.

Thoomas said a transcript of radio broadcasts made by one New York OPA employe indicated that he "has been smearing business. trying to bring about racial and class hatred, and following the Communist line."

Thomas said he would ask the committee to make a full scale investigation of UNRRA as soon as it finishes the OPA inquiry.

Financing Communist Party

"I think the government should insist on an accounting of UNRRA by the general accounting office," he declared, "because there is a strong possibility, based on what I have already found out, that UNRRA is financing the Communist Party in many parts of the world."

Thomas said he had been "informed by a reliable source" that one UNRRA sub-executive "now gives the orders to the Communist Party in the United States."

"I want to find out if this is true," he added.

Thomas said a recent trip abroad with the House military committee, of which he is a member, gave him the impression that the Communist Party "is the best organized in all Europe."

"Somebody is financing it and I doubt if the people in those countries are because they don't have the money," he declared. "I want to be sure that they are not getting their funds from UNRRA, which has had plenty of money to spend abroad."

Comment was not immediately available from either OPA or UNRRA.

LONDON, June 7—(AP)—The British government has invited France. Belgium, Holland, Denmark and Norway to send representatives to London next week to discuss the critical food situation now confronting those countries.

Britain has shipped food to all five nations since their liberation.

It is anticipated the food ministry will urge on the European nations the necessity of attempting to produce at least 70 per cent of their own food.

SAGA OF THE SUBMARINES

(The Army, Navy and Air Corps all have their heroes and their names are known to the world. Some of the most brilliant performances of the war have been turned in by American submarines, but their stories have been held secret in the Navy's voluminous filies. At last, a part of that story may be told. This is one in a series on underwater heroes of the United States Navy).

By RICHARD O'MALLEY

PEARL HARBOR, June 7.—(AP)—Lt. Cmdr. Chester C. Smith, a mild mannered native of Bisbee, Ariz., has the distinction of being the first man to make a submarine attack against the Japanese in the Pacific.

Smith's sortie, which occurred as America received the full impact of the attack on Pearl Harbor, collected for him and for his men a number of "firsts."

He made the first successful U. S. submarine attack of the Pacific war, suffered the first depth charging and made the first submerged approach in battle.

Smith conned the submarine Swordfish out of a Philippines harbor Dec. 8. Behind him, on Nichols and Clark airfields, American planes still smouldered from Japanese attacks, and bombs splattered on Manila Harbor.

Began Enemy Search

The 40-year-old submarine skipper began his search for the enemy just 10 hours after the Japanese struck, but it was a far different patrol than those conducted by American submarines today. The Swordfish out of a Philippine harlost.

A lot has been learned since the early, and often tragic, days of the Pacific battle, particularly in submorine warfare. Actually, the Swordfish made a sort of trial and error journey, but the quiet-spoken Smith brought his boat back with spectacular success.

It was the night of his initial patrol that the first Japanes ship to be sunk in the Pacific by submarine walloped into periscope view.

As Smith dived to escape detection after mortally wounding the enemy vessels chains clanked against her hull. Skipper and crew held their breath, waiting a mine to explode, but the Swordfish moved on.

First Depth Charge

The Swordfish took her first depth charging during an approach on an enemy convoy. Smith had brought a heavily-loaded freighter into range and slammed two torpedoes amidships. The ship caught fire and was burning furiously as a Japanese destroyer raced up. Skipper Smith took his boat into a dive and the first depth charging of an American submarine in the Pacific began. Charges roared out, clanging like a giant's hammer against the sides of the Swordfish as other vessels joined the search.

"It was an uncomfortable feeling to be lying on the bottom with vessels on the hunt for us," Smith noted.

Next on the roster of enemy action was a batch of aerial bombs rained down by a snooping Japanese patrol plane. It was a bad moment for the Swordfish. Each time she was brought to the surface the plane hovered overhead. Finally Smith reasoned that his boat must be leaking oil and leaving a betraying surface slick. That night, not daring to show a light in the search, crewmen located a tiny leak on the deck. They found it by smell, crawling along in the murky tropic darkness, and repaired it not far from where the enemy patrol ships swarmed in a vain hunt for the submarine.

THE WAR TODAY

CONTINUED FROM FIRST PAGE

boder. This is accompanied by a naive and very expressive chatter by Tokyo spokesmen about what great pals Japan and Russia are.

Another significant trend was Moscow's denunciation of the Soviet-Japanese neutrality pact on April 5 of this year. Previously, in November of 1944, Marshal Stalin had publicly described Japan as "an aggressive nation."

The Soviet army newspaper Red Star has reported a training meeting of Red amy commanders in far Eastern Siberia, facing Japanese occupied Manchuria.

He would be a hard man to convince who didn't conclude that present trends point to war between Russia and Japan.

the ratification legislation back to the Banking committee with instructons that all provsions for an international monetary stabilization fund be eliminated.

The agreements, drawn by representatives of 44 nations meeting last summer at Bretton Woods, N. H., propose to establish a $9,100,000,000 world bank for reconstruction and development loans and an $8,800,000,000 fund for international currency stabilization.

Different Story In Senate

Rep. Sumner (R-Ill.), a leader of the opposition, said the legislation will pass the House but added: "it will be a different story when the bill goes to the Senate".

Treasury department officials outlined these purposes of the agreement:

World bank—

1. To encourage international investment in productive enterprise.
2. Make long term currency stabilization loans to countries whose currency encountered difficulty.
3. Each member nation would share in the bank risks in proportion to the stock it held.

Of the $9,100,000,000 bank capital, the United States would subscribe $3,175,000,000.

Fund—

1. To stabilize the currencies of all cooperating nations in term of gold.
2. Progressively remove barriers against making payments across international boundaries.
3 provide a revolving fund of foreign exchange to enable member countries to maintain stable and unrestricted currency relationships.

Each country would contribute gold and local currency to a common pool in the fund. Of the $8,800,000,000 assets the United States would subscribe $2,750,000,000.

The treasury said the plan would eliminate "economic warfare."

HOUSE COMMITTEE TO VOTE TUESDAY ON PERMANENT FEPC

WASHINGTON, June 7. (AP)—The house rules committee decided today to vote next Tuesday on egislation to create a permanent fair employmen practices committee.

Chairman Sabath (D-Ill) said the committee refused to vote on the issue this morning because one member, Rep. Slaughter (D-Mo), was absent.

"Some of the members said I was trying to railroad the bill through, so we decided to wait until Tuesday and give everyone an opportunity to be there," Sabath told newsmen.

Today's session was the third in two days called by Sabath following a request from President Truman for immediate action on the measure.

Sabath is a staunch supporter of the FEPC, created by the late President Roosevelt in a effort to preven employment discrimination because of race, color or creed.

One FEPC foe predicted to reporters, "if there is a vote, we will lose, and I have no doubt that the house eventually will pass the bill, which will be a waste of time ecause we can have it killed off n the senate."

Had New Jet Plane

PARIS, June 7—(AP)—Alexander De Seversky told a press conference today that when victory came in Europe the Germans possessed a four-engined jet-propelled plane with which they planned to bomb New York and other Eastern cities of the United States by round-trip Transatlantic flights.

DOUGHBOYS BATTLE FIERCELY FIGHTING ENEMY IN HILL MASS

MORE THAN THREE THOUSAND JAPS KILLED AREA EAST OF MANILA

By FRED HAMPSON

MANILA, June 7—(AP)—Doughboys of the 38th division battled a desperate enemy throughout the Marikina Hill mass, East of Manila, Wednesday.

More than 3,000 Japanese have been killed in this area by Maj. Gen. William C. Chase's men and large quantities of military booty captured.

The Japanese, apparently aware that the 28th is breaking them up to liquidate them piecemeal, are fighting fiercely.

On Mindanao, Lt. Gen. Robert L. Eichelberger's Eighth army troops made two new landings Tuesday to completely seal off Davao Gulf.

With warships and strong air support, the men landed at Cape San Augustin, southeasternmost tip of Mindanao, and on Balut Island. Opposition was negligible.

In a radically different "cruncher" maneuver in Central Mindanao, Maj. Gen. R. B. Woodruff's 24th division is driving a strong Japanese garrison west directly into the fire of Maj. Gen. Clarence Martin's 31st division advancing eastwardly.

In other far-flung Philippine battle areas, Maj. Gen. Robert S. Beightler's Buckeye (37th) division pushed farther into north Luzon's Cagayan valley against sporadic but tough Japanese resistance.

The Fifth air force's round-the-clock airstrikes in support of the Buckeye's advance is the most intense of the Pacific war.

From Cebu in the Visayans came word that 120,000 Cebu city residents who fled during the fighting have returned and are now rebuilding the city. Cebu's provincial Governor Leandro Tojong estimated that 25,000 Cebu inhabitants were killed by the Japanese.

CHINESE

CONTINUED FROM FIRST PAGE

ports said the big former 14th air force base of Liuchow was back in Chinese hands, American planes in direct support of ground troops struck at the northward fleeing enemy in the triangle formed by Liuchow Pinglo and Kweilin, the provincial capital.

Liuchow was reported to have fallen to the Chinese in the growing drive to rid all South China of the Japanese and reestablish American air power there. The important base was in enemy hands for seven months.

Other American planes yesterday and Tuesday struck at the Japanese in wide sweeps which ranged all the way from Peiping in the north to the coastal railroad of French Indo-China.

The Chinese high command said Japanese planes yesterday scored direct hits on 10 trains on the Peiping-Hankow railroad, vital artery of the Japanese corridor. They also struck in Honan Province in support of ground forces.

LEGISLATIVE ERROR MAY COST STATE SUM OF AROUND $200,000

AUSTIN, June 7.—(AP)—A mistake of the legislature in submitting a constitutional amendment may cost the taxpayers $200.000.

That's Secretary of State Claud Isbell's estimate of the cost of a special election for voting on an amendment.

One more special election than intended by the legislature may be necessary to submit the constitutional amendment giving the legislature authority to issue bonds for purchase of land for sale to war veterans.

The legislature intended to submit the amendment at the Nov. 5, 1946, general election. The resolution submitting it ordered the election on the first Thursday in November, 1946. That's Nov. 7, 1946, two days after the general election at which three amendments will be submitted at a special election Aug. 25 of this year.

There is no apparent way to correct the error in submission date of the land sale plan amendment, the final measure pushed through the general session of the legislature which ended June 5.

If correction is impossible Texans will vote on constitutional amendments in three elections in 1945 and 1946.

Counties bear most of the cost of a statewide election. That means county funds will be hit by two special and one general election in two years.

Sick and Convalescent.

Mrs. J. F. Yarber is reported seriously ill in a Fort Worth hospital.

J. H. Young remains seriously ill at his home on South Eighteenth street.

BIG FOUR GENERALS AT BERLIN—At their first meeting as the Allied Control Commission convenes in Berlin June 5 are (left to right): Field Marshal Sir Bernard Montgomery, Great Britain; Gen. Dwight D. Eisenhower, U. S.; Marshal Gregory Zhukov, Russia, and Gen. De Lattre de Tassigny, France. This photo was made by Henry Griffin, Associated Press photographer with the wartime still picture pool. (AP Wirephoto via Signal Corps Radio)

Work on College to Open.

BROWNWOOD, June 7.—(AP)—Work on athe first project of the $500,000 improvement plan at Howard Payne College will begin within 12 days, Dr. Thomas T. Taylor, college president, announced yesterday.

The building will be a $75,000 three-unit ministerial apartment.

The complete program includes a 75-room men's dormitory, an addition the the girls' dormitory, a library and general repairs on the campus.

"BAMBIE" GETS A MEAL—State Trooper Frank Stritter of Lafayette, N. Y., succeeded in nursing back to health this 3-week-old fawn which was found near the body of its mother, which had been killed by dogs. (AP Wirephoto)

HOUSE STICKS BY ITS ANNUAL $2,500 EXPENSE ALLOWANCE

WASHINGTON, June 7.—(AP)—The house of representatives stuck by its self-voted $2,500 annual expense allowance for members today, despite the senates refusal to go along.

By a roll call vote 206 to 152, the house sent the legislative appropriation bill to President Truman for his approval with the expense allowance intact. The vote came after a sharp debate.

The expense item, one of the most controversial subjects to reach Capitol Hill in months, had frayed tempers to the point where at least one blow had been struck.

The senate didn't vote its own members the same fund but declined to interfere with the house action. This move was construed by many representatives as leaving the house "out on a limb" with the public.

Technically, the expense item no longer is in controversy in the 1945 legislative supply bill of which it was a part. But the supply bill itself still awaits house action on minor senate amendments.

There is apt to be a bitter word battle today over a move by Representative Tarver (D-Ga) to force a belated record vote on the expense allowance, either directly or indirectly.

LABORITE MEMBER OF COMMONS CALLS LADY ASTOR GAS BAG

LONDON, June 7.—(AP)—Aneurin Bevan, the former butcher boy and Welch coal miner who became a Laborite member of parliament, called Lady Astor "an old gas bag" in commons today.

"Oh, dear," the noble lady from Virginia and Plymouth replied.

Bevan was protesting that parliament had not sanctioned subsidies to encourage house building when Lady Astor made an audible comment.

"Shut up," went up the cry from the Labor benches.

Lady Astor, 65, and a staunch Conservative, jumped to her feet and appealed to the presiding officer:

"Why does Mr. Bevan expect complete silence when he repeats himslf a hundred times?"

Bevan retorted:

"It really is intolerable when this old gas bag gets up and gabbles away."

GRAND JURY

CONTINUED FROM FIRST PAGE

oritism, etc. It was pointed out that there had been certain violations of property rights in Corsicana where culprit or culprits have not been apprehended. In some instances the occurrence had not been reported to the proper authorities, and in others. it had come too late for effective apprehension of those responsible. The report said the authorities in some instances had been handicapped in investigations of these incidents on the part of some of the citizens of Corsicana and Navarro county "in that said incidents were not reported and in some cases pertinent information pertaining thereto was not divulged."

No Favoritism.

Second question propounded: "Has any juvenile delinquent escaped prosecution that should have been prosecuted!"

The probers said they believed that no juvenile delinquent apprehended for any act had escaped prosecution where the act complained of justified such prosecution, and further stressed there had not been any indication that there had been any favoritism shown in this matter." In all instances delinquents, regardless of race, color, creed or social standing, have been treated on an equal basis x x x and each case has been handled according to the indivdual problem created by said case."

Third question: "Do you recommend the appontment of a truant or probation officer in this county?"

Probation Officer.

The jury pointed out that a great deal of evidence, pro and con, was gathered on that subject. The probers said they were of the opinion any such officer "is not necessary in Corsicana and Navarro county at the present time," and also that existing law enforcement agencies are capable of handling any situation arising "provided they receive the full co-operation of the citizens of this county in this problem."

The communication further stated that officers conld not solve the "problem of juvenile delinquency" unless they have the whole-hearted co-operation and "unless the citizenship is willing to voluntarily give any information known by them concerning any juvenile situation arising in that community."

Curfew Not Advisable.

Fourth question: "Do you recommend the passage of a curfew ordinance in the city of Corsicana?"

The grand jury voiced the opinion that a "curfew ordinance is not advisable at this time. If the parents of the children of this town and county will co-operate in requiring their children to be off the public streets as a reasonable hour at night, no necessity for such curfew law will exist." the report continued, and it was further stated that without such co-operaion a curfew law could not be enforced if enacted, and that a study of curfew laws in other cities revealed that it was not the most satisfactory method of dealing with the problem.

Offers Suggestions.

The probers further pointed out that there has been certain property rights violations in Corsicana that appeared to be the act of juvenile individuals; "and the grand jury is of the opinion that these acts, coupled with other conditions both world and local in scope, has brought the problem of juvenile delinquency to the public's special attention at this time," and offered the following suggestions as a remedy:

Co-operate in the curbing of mere rumors concerning the juvenile situation in this county; remedy a lack of respect of duly constituted authority by juveniles by reporting violations and a knowledge on the part of the young people that violations on their part would be handled where justified, and that the officers have the complete and whole-hearted co-operation of the citizens.

The report urged the parents of this county to exercise the proper control over their children, and instill in them the proper respect for duly constituted authority.

FRENCH COMMANDER OF SOUTHERN SYRIA ARRIVES IN PARIS

LONDON, June 7—(AP)—Gen. Oliva Roget. French commander in Southern Syria, was in Paris today bearing a message for Gen. DeGaulle, from Gen. Paul-Etienne Beynet, French delegate in Syria, where recent disorders have given way to an uneasy calm.

The Paris radio denied published reports Roget had been recalled because of his handling of the Syrian situation, and said the "keeps the complete confidence" of French authorities and their gratitude for his actions.

Associated Press correspondent Frank O'Brien, after a 600-mile trip through trouble spots in Syria, reported meanwhile in a Beyrout dispatch that he found them quieted after last week's fighting between the French and Syrians.

He said the Syrians, however, would not open new talks until the French quit the country completely, and declared that the government of Lebanon was insisting on virtualiy the same terms.

A British foreign office spokesman said a note received last night form the French government giving its position on the next step to be taken in meeting the Levant situation.

He did not divulge its contents. It was understood in unofficial quarters, however, that the note included a reiteration of the French stand that the matter should be dealth with in a Big-Five conference.

as they are at present. The conditions are right in Corsicana for any epidemic to strike."

Wukasch said the city must begin to think of a permanent rodent control program; open sewerage must not be allowed to continue; frequency of garbage collections must be increased; fly-tight garbage cans must be used by the citizenry.

More Cases Expected.

Dr. J. V. Irons of the division of epidemiology, state department of health, told the gathering, "You're likely to have even more polio if these insanitary conditions continue. We must get rid of the flies, above everything else, and we must do this immediately. Since the polio virus is probably food-borne as well as fly-borne, we must be particularly careful with our vegetables and drinks, too."

Dr. Irons pointed out that polio is primarily a hot, dry weather disease because cases are more prevalent in the summer months.

County Committees.

County committee chairmen have been announced as follows:

Kerens, Bazette, Rural Shade and Westbrook, Dare Mabry; Powell, Phillips Chapel, H. H. Hanks; Mildred, H. A. Garland; Eureka, Mrs. Buck Montgomery; Birdston and Winkler, Merle Anderson; Cade, Mrs. Wayne Milligan.

Richland, Currie and Rushing, Jim Richards; Navarro, Mrs. G. C. Goodin; Augus, Mrs. Seth Story; Pursley, Retreat and Pickett, Will Payne; Purdon, Raleigh, Navarro Mills, Silver City and Corbet, A. C. Davis; Dawson, Rodney, Spring Hill, El Dorado, Pelham and Stancil, Carlos Berry; Frost, Emmett, Slay and Jones Ranch, Curtis Patterson.

Blooming Grove, Dresden, Lone Oak and Lone Cedar, Drew Gillen; Barry, Cryer Creek and Drane, Mrs. Claude Williams; White's Chapel, Mrs. F. P. McCulston; Emhouse and Black Hills, R. E. Huling; Rice, J. K. Bradley; Tupelo and Hester, R. B. Burdine; Roane, Mrs. Pope Estes.

Chatfield, Walter Roberts; Montfort, Mrs. Jim Cates; Petty's Chapel, Mrs. Mike Edwards; Oak Valley, Mrs. Roy Peeples; Currie, E. B. Boone; Rushing, Mrs. Roy Keeling and Nebo and Nash, E. R. Jackson.

More Polio Cases in Harris.

HOUSTON, June 7.—(AP)—Three more cases of infantile paralysis in Harris county were reported yesterday, bringing the year's total to 23 city cases and 13 county cases.

The latest victims were a 22-year old woman, five-year old girl and 7-year old boy.

How to write a check

1 Date and number each check (to make it easier to balance your checkbook).

2 Fill in payee line with name of person or firm you wish to pay.

3 Write the amount clearly in figures.

4 Write the amount clearly in words, beginning at the extreme left so that no one can insert an extra word that would alter the check.

5 Sign each check with the signature you used when you opened your account.

6 Use ink — write plainly — don't erase or alter. If you make an error, draw a new check and destroy the old.

A CHECKING ACCOUNT IS A "PRECISION INSTRUMENT."
FOR BEST RESULTS, USE WITH CARE.

WAR CRIMINALS

CONTINUED FROM FIRST PAGE

for the prosecution of major war cdiminals will not impede or delay trials of other offenders guilty of lesser crimes.

He said negotiations for an international military tribunal, representing the United States, the Unied Kingdom, Soviet Russia and France, to try guilty Nazis have not yet been completed, but that he did no consider it wise to wait his final step before preparing the American case.

He said the American case was being prepared on the assumption that an "inescapable responsibility rests upon this country to conduct an inquiry, preferably in association with others, but alone of necessary, into the culpability of those whom there is probable cause to accuse of atrocities and other crimes."

He added there are many such men "in our posession."

Dispassionate Trials.

While it has cost "unmeasured thousands of American lives to beat and bind these men," Jackson declared their trials should be "as dispassionate as the times and horrors we deal with will permit."

Jackson pointed out that his own responsibilities extend only to major criminals whose offensives have no particular geographical localization and who will be punished by joint decision of the allied governments as provided in the Moscow declaration of November 1, 1943. In his visit to the European theatre, he said, he attempted to establish standards and the cases fall into three general categories:

1. Offenses against military personnel of the United States, such as the killing of American airmen who crash-landed and other Americans who became prisoners of war.

On The Spot.

He said that field forces from time immemorial have dealt with such offenses on the spot. Authorization of such action was withdrawn for a time through fear of stimulating retaliation, he said, but "the surrender of Germany and liberation of our prisoners has ended that danger." Accordingly, Jackson suggested, the morale and safety or American troops and effective control of enemy areas requires prompt resumption "of summary dealing with this type of case."

2. Offenders who are to be sent back to the scene of their crimes for trial by local authorities. The United States' part in these cases, Jackson said, is concerned largely with identification of the culprits and their release to those who are in control.

Certain Home Action.

3. The "Quislings, Lavals and 'Lord Haw Haws,'" Jackson said each country "is free to prosecute treason charges in its own tribunals and under its own laws against its own traitorous nationals."

Such classification of these groups, he said, will permit their prosecution without delay while preparations for the trial of major criminals are completed.

As to when the trials of major criminals can start, he said it would be "foolhardy" to name dates which depend upon other governments and many agencies.

Jackson reiterated that this government will accuse a large number of individuals and officials who are in authority in the government, in the military establishments, including the general staff and in the financial, industrial, and economic life of Germany who by all civilized standards are provable to common criminals."

He said legal charges against top nazi leaders and organizations such as the S. S. and gestapo include (a) atrocities against persons or property, (b) offenses, including persecutions on racial or religious grounds committed since 1944 and (c) "invasions of other countries and initiation of wars and aggressions in violation of international laws or treaties."

they apparently planned a final suicide stand.

Airfield Overrun.

Completion of the overrunning of Naha airfield was announced in Admiral Chester W. Nimitz' communique, which reported wide advances through the southern end of the muddy rainswept island.

Associated Press Correspondent Vern Haugland, with Maj. Gen. Lemuel C. Shepherd, Jr.'s Sixth Marine Division, said the Fourth Regiment which captured the airdrome found borders of the field strewn with wrecked Japanese planes of all ttypes.

"The airdrome was grown over with grass during the three or more months it was inoperational," he wrote.

The Marines also captured a small island immediately west of the airdrome and then moved swiftly southeastward toward a juncture with Maj. Gen. Pedro A. Del Valle's First Marine Division, shooting down the center of the island

Naha Harbor Being Readied.

Naha harbor already was being readied for American use.

Across Okinawa on the east coast, meanwhile, Maj. Gen. Archibald V. Arnold's Seventh Infantry Division cleared the Chinen peninsula, southern jaw of Nakgusuku harbor, the island's best fleet anchorage and onetime haven for Nipponese warships.

The 32nd regiment of the fanned-out Seventh Division reached the eastern end of the escarpment, which arcs in a four-mile crescent across the island. The land mass, 500 feet at the highest point, provides the last rough terrain for a defensive stand.

Front dispatches reported the Nipponese positions appeared strong along the entire escarpment.

Last Ditch Line.

Fierce battling was reported as elements of the Seventh Infantry and Sixth Marine Divisions bore down on the flanks. Maj. Gen. James L. Bradley's 96th Infantry Division was within 1,000 yards of the center of the escarpment. The First Marine and 77th Infantry Divisions were nearby.

Associated Press Correspondent Al Dopking, on Okinawa, reported the Yanks were "now bumping into the Japanese last-ditch battle line" and "a showdown fight is at hand."

Because of foul weather and horribly mired roads, the Seventh Division was supplied by landing craft coming down the east coast to Minatoga with food and ammunition.

The bulk of the supplies moving to the front lines was carried by hand. Planes were used to drop supplies by parachute.

A few Japanese planes attacked American shipping off Okinawa Tuesday evening. Two U. S. vessels were damaged. Five enemy aircraft were shot down.

AUSTIN, June 7—(AP)—Tye Lone Star Flag of Texas is now flying over Okinawa.

Lieut Gov. John Lee Smith today received a letter from his son, Lt. John Lee Smith, Jr., on Okinawa, thanking his parents for sending him a Texas Flag and advising them that at appropriate services held on May 20, the flag had been hoisted alongside the Stars and Stripes.

CHURCHILL

CONTINUED FROM FIRST PAGE

at Yalta and Tehran. He declared he had "nothing to add to the official statements which have already been made."

He said:

"There were no secret agreements entered into at all xcept that w kept secret the addition of two members of Russia (Ukranian and White Russian votes in the security conference) and the desire of the United States (to keepj the matter secret until the president could g home and make the necessary arrangements on the spot. Otherwise, there were no secret engagemnts."

WHY TAKE A CHANCE?

You can't register a sorrel or black colt even if it is out of a registered Palomino. Palomino horses are registered from color only even if they are out of off colored mares or horses. Silver King is cut of a registered Palomino horse and a full blood Palomino Quarter Mare. This assures you a lot more of getting a Palomino colt and it will also be a Saddle horse. You can afford a little more when you get a lot more horse. Silver King colts have sold as high as $2,000. Remember you are investing three years time in a colt.

PACIFIC WAR

CONTINUED FROM FIRST PAGE

cated in a bill placing Philippines manpower and military bases at U. S. disposal which was prepared for the first wartime session of the insular legislature opening Saturday.

Today's three-hour raid on Osaka was the tenth such powerful strike at major Japanese industrial cities within a month and the second on Osaka, the nation's most important industrial producer, within a week.

Blast Arsenal Area.

High explosive bombs centered on the Osaka fire-bombing B-29s started new blazes burning in the industrial section where more than 11 square miles were blackened in previous strikes. A Japanese communique said that blazes started in the daylight attack were being "steadily brought under control."

Heavy overcast prevented American bomberdiers from observing results of their attack, a departure from recent all-incendiary raids.

The Osaka arsenal is one of Nippon's most important producers of medium artillery and small arms. It lies next to Osaka Castle, 16th century seat of the Japanese government and more recently headquarters of Japan's Fourth army division.

750 Miles From Naha.

Osaka is only 750 miles from the Naha airdrome, one of the first Japanese built fields the Americans have ever captured. It was overrun Wednesday by marines of the Sixth division who found it overgrown with grass, littered with the wreckage of some 70 enemy planes, and pock-marked by great craters.

Engineers immediately bgan putting both the field and Naha harbor, the best port in the Ryukyu Islands, into shape for American use.

Sixth division marines drove southeastward through concentrated mortar fire in a converging drive toward the southern tip of the island with three other divisions of the Tenth army.

Despite the rains which severely hampered the advance, a few more Japanese planes were able to get through in their persistent attacks on U. S. shipping. Two more vessels were damaged. About 60 have been hit altogether but enemy sources indicated the Americans were perfecting an effective defense against the Kamikaze (Suicide) aerial attacks.

Suicide Air Bases Raided.

Tokyo reported 40 American fighter planes from Okinawa raided suicide air bases on Southern Japan today and scattered propaganda leaflets. Nipponese dispatches credited such strikes as this, tight air patrols around U. S. shipping and rocket ships with building up the protective wall which checked the Kamikaze corps.

Emperor Hirohito got a report on the nation's unstable political affairs from Premier Kantaro Suzuki, including a wholesale shakeup of the munitions ministry and resignation of the vice speaker of the house of representatives.

There was perhaps greater cause for Japanese worry in an announced conference at Manila between Gen. Joseph W. Stilwell, commander of U. S. army ground forces, and Gen. Douglas MacArthur, joint commander with Adm. Chester W. Nimitz, for the invasion of Japan.

Next American Assault.

With the Philippines battlefronts steadily dwindling MacArthur is free to concentrate on the next American assault, either against Japan or the China coast. His troops landed on Cape San Augustin, southeastern tip of Mindanao, and nearby Balut Island in their latest amphibious operation, while on the main Mindanao front the 24th division drove cornered Nipponese int the line of fire of the 31st division.

MacArthur's bombers were overlapping China-based U. S. 14th air force sweeps over the China coast and Indo-China, and reaching almost to the Foochow sector which Chinese troops are clearing.

Australians mopping up the north New Guinea coast counted 1,184 more dead Japanese in the Wewak sector. British artillery and tanks silenced the strongest enemy resistance encountered in Burma.

Army Has Enough Nurses Now And Recruiting Stopped

The American Red Cross announced Saturday night that it had been requested by the army's surgeon general to halt recruiting of nurses because the army has enough nurses to care for sick and wounded soldiers.

The Red Cross said that the surgeon general, Maj. Gen. Norman T. Kirk, had asked it to accept no more nurses' applications until further notice. "It is antipipated," the Red Cross announced, 'that nurses who have served their senior cadet period in army hospitals will be sufficient to meet future needs for replacements."

Announce Birth of Daughter

Sgt. and Mrs. Oren B. Brown announce the arrival of a daughter, born Saturday. Sgt. Brown is with the U. S. army in the Pacific theatre of operations. The grandparents are Mrs. Addie Brown and Mr. and Mrs. Dan Budia.

IN UNIFORM

A U. S. TROOP CARRIER FORCE BASE, ETO.—Four times previously awarded battle participation credit for troop carrier sorties on the western front, Flight Officer Charles D. Martin, son of Mr. and Mrs. Art Martin, 1716 West Sycamore, has been presented with his fifth bronze battle star, significant of service in five major campaigns in the European Theatre.

Flight Officer Martin's unit performed troop carrier operations in the areas of Northern France, Southern France, Normandy, Rome—Arno and Germany.

His wife, Mrs. Dorothy Louise Martin, lives at 210 Dobson avenue, Canton, Miss.

Mrs. W. M. Carrington of 616 North Main Street, has received several letters from her son, Pvt. J. B. Carington in the last few weeks, saying "I'm doing fine." Pvt. Carrington is a graduate of the State Home. He has five brothers and four sisters. Two of his bothers are serving in the armed forces. Pvt. Carrington received his first training at Camp Hood. He was then chosen for the medical corps and sent to Camp Barkley where he reveived his training. He was shipped out from Camp Beal, Calif. He graduated from the home with the honor of the best all around boy. He is better known to his friends as Cobb.

Pvt. Elmer Miller, Jr., son of Mrs. Ruth Miller of Corsicana, has arrived at Worms, Germany, according to information received by Mrs. Miller.

Lacy L. Goggans, T-5, whose wife, Mrs. Lila Goggans, lives at Richland has been awarded the Bronze Star Medal according to a release from the public relations section, ETO. The radio operator participated in the Battle of Normandy, Battle of Northern France, and Battle of Germany.

Cpl. Harvey G. Wallace, 25, U. S. First Army, FA, is now stationed in Czechoslovakia, and was with the first unit of U. S. troops to meet the Russians, according to a letter recently received by his mother, Mrs. Hauty Wallace, 313 North Thirteenth street.

Entering the service June 12, 1942, he went overseas in March, 1944, first landing in Scotland. "We were 10 days on the trip across. I was really seasick," the letter states.

Continuing: "We came into France the next day after D-Day. Were supposed to make the trip in an hour, but couldn't on account of the storm at sea. So we had to sweat it out with the storm, shells and bombs until next day When we did get ashore we had our part of the battle. We lost some mighty good boys, but I was lucky."

Staff Sgt. Raymond Ellis of Corsicana, after spending 17 months overseas, is now stationed at San Angelo, Tex. He was a gunner on a B-26 and made 63 combat missions.

Joe D. Jeffers, seaman second class, has been assigned to a Landing Craft Supporter in the Pacific Theater of Operations, according to a message received here by his parents, Mr. and Mrs. Fred Jeffers The Corsicanan enlisted in the U. S. Navy in November and left for overseas duty on April 1st.

Miss Frances David of the Edward French Hearn Studio will be presented in song recital at Kinsloe House on Sunday afternoon at 4:30 o'clock, with Miss Ruth Brown, pianist, as co-artist.

Maud Burleson And Sgt. Walker Wolfe Married Tuesday

Miss Maud Mueller Burleson, daughter of the late Mrs. Maud G. Burleson, was married to Sgt. Walter Wolfe, son of Mr. and Mrs. E. Wolfe of New York City, in a sunrise ceremony performed Tuesday morning by the Rev. Jared I. Cartlidge, pastor of the First Baptist church. The double ring ceremony was read in the church parsonage.

The bride wore an aqua gabardine suit with black accessories and her corsage was of orchids.

Formerly a link instructor at Corsicana Air Field, the bridegroom is now stationed at Hondo. After the wedding trip the bride will be at home here at 1501 West Fourth avenue, and the bridegroom will return to Hondo. Mrs. Wolfe is employed at T. P. and L.

THE BEST IS ALWAYS THE CHEAPEST

This applies even more in Tractors than anything—due to the great strain they are continually under—Parts must be of the best of material if the desired service is obtained.
Genuine International parts and service is always the best and cost no more. In fact in many instances our parts are lower in price. For instance sleeves and pistons for F 20 Farmall, $20.00; for F 12 Farmall $17.95. These are allowed to cure for a year or more before being finished and placed on the market—thus they are stronger and better able to withstand wear.
We have one F.12 Farmall on rubber with power lift, all two-row tools. This tractor has been thoroughly overhauled, painted and ready to go.

REFRIGERATION

We are informed that we will soon have a few refrigerators for civilian use. Place your order now and we will fill them in the line of receipt.

We will be able to get some more hay machinery the latter part of this month, also some more tractors—so keep us in mind and wait for the best.

NATIONAL CONGRESS PTA OPPOSES DRAFT DURING PEACETIME

WASHINGTON, June 7—(AP)—The National Congress of Parents and Teachers urged today that peacetime draft legislation not be enacted "at this time."

Mrs. William A. Hastings, Madison, Wisc., president of the organization claiming a membership of 3,500.000 persons, told the House postwar military policy committee that P-TA's stand was determined after full discussion with the members.

"We are all loyal citizens," she said, "and we know that the country must keep itself prepared to meet any emergency that may arise."

But, she insisted, National preparedness is composed of many elements, including "education, skills and physical fitness" that cannot be acquired "in a short time."

"If a reasonably sized standing army, along with a strong National Guard force, is ready for an immediate emergency, then our youth, in good physical condition, skilled. and alert in mind, can soon be prepared for any part they must play."

"Whom do we fear?" she asked. "Why must we at this time reverse all our philosophy and fasten upon ourselves a system that we have always opposed?"

Suggest Peace Effort

"Let us bring our thinking up to date and look forward to a united effort for peace," she concluded.

The Federal Council of Churches of Christ in America also registered opposition to action on the legislation now.

Speaking for the Council, Dr. Herbert J. Burgathaler, president of Ohio Wesleyan University, Delaware, Ohio. told the committee the organization represented 25 denominations with 25,000,000 members.

"The people for whom I speak and the churches with which they are identified old to the view that our nation should not at this time take any action which would reserve our historic policy with respect to compulsory military training."

Catholics Urge Delay

Delay in consideration of peacetime draft legislation was urged today by the Catholic Hierarchy in the United States as the House postwar military committee met to hear more opposition witnesses.

The views of Catholic Archbishops and Bishops were stated in a letter to chairman Woodrum (R-Va) from the Very Rev. Msgr. Howard J. Carroll, general secretary of the National Catholic Welfare conference.

The stand of the Catholic Prelates, Monsignor Carrill advised Woodrum, was based on these considerations:

A matter "so important should await decision until the end of the war when it can be known what the international situation will be."

Those now in the army and navy "should be given an opportunity to express their views."

Military requirements until the end of the war can be met by extension of the selective service act.

Byrl A. Whitney testified that the Brotherhood of Railroad Trainmen opposed the bill on the ground that peacetime military training would be an invitation to other countries to prepare for war.

Dr. Robert Gordin, president of the Rabbinical Assembly of America, said passage of the bill at this time "would be unwise and even dangerous."

He suggested that a large standing army "with an active bureaucracy would undermine democracy."

Mrs. Lod C. Allison who has been a patient at the P. and S. Hospital for the past several days, has been removed to her home.

CAMP DIRECTOR — Miss Mary Nell Durie, director of Camp Wanica, Corsicana Camp Fire Girls' summer camp, has been actively identified with Camp Fire work for a number of years. The daughter of Mr. and Mrs. Roy Durie, Waco, she is a graduate of the Sacred Heart Academy, Waco, Lady of Victory Junior College, Ft. Worth, and received her B. A. Degree from Baylor University, majoring in education. Miss Durie is the only Camp Fire Girl to attend all 11 camps sponsored by the Waco Camp Fire Girls, Inc., having attended as a camper, counselor, secretary, and assistant director. She was elected president of the Cheschamey Camp Fire Group and was crowned Donut Queen in 1939. Interested in sports, Miss Durie has participated in many horse shows in and around Waco.

Information From Navarro County Rationing Board

The Defense Supplies Corporation will increase the pork subsidy payment 40 cents per live hundredweight retroactive to April 1, 1945, according to information received by W. A. Wright, chairman of the War Price and Rationing Board.

This rate will be continued in effect only until completion of a more thorough accounting study, following which the payment rate will be adjusted (not retroactively). and a provision will be included for reduction of the subsidy as hog prices decline. Effective as of April 1, 1945, the total pork subsidy will be $1.70 per live hundredweight, as compared with the previous rate of $1.30.

Subsidy payments on all grades of cattle will be increased by the Defense Supplies Corporation 25 cents per live hundredweight, effective June 4, 1945.

Also effective June 4, the additional subsidy for non-processing slaughterers of cattle will be 40 cents per hundredweight. This rate for non-processing slaughterers is based upon studies made by the Office of Price Administration.

All truck operators are urged to return their applications as soon as possible in order to get their third quarter rations delivered to them on time, according to Wright. Coupons are prepared at the mailing center and officials wish to receive applications as early as possible so that none will be disappointed.

All authorized automobile dealers will be required to secure a new permit or license from OPA to operate as warranty dealers before August 1, accoding to W. A. Wright chairman of the War Price and Rationing Board.

Applications and information may be received from the local board.

Motorists who do not deserve additional gasoline must not expect increased rations when the new "B" ceiling becomes effective June 11, W. A. Wright, chairman of the War Price and Rationing board, emphasized today.

"We do not have now and never have had enough gasoline for loose and irregular issuance', Wright pointed out. "In order to maintain these increases in A and B rations, we must reduce issuance to only those amounts allowed in the regulations."

"The permanence of these increases is dependent completely upon tight rationing at the board level," Wright says.

Persons who do not actually need extra gasoline are urged to be content with their present rations.

AMERICAN-SOVIET DIFFERENCES HEAD TOWARD OPEN FIGHT

By JOHN M HIGHTOWER

SAN FRANCISCO, June 7.—(AP)—Russia called today for the second Big Five huddle in as many days. But there was no official intimation of any Soviet-sponsored break in the deadlocked veto issue.

Soviet sources have said flatly they expect no further word from Moscow on the dispute between Russia and the other Big Four on interpretation of the Yalta voting agreement. The Russians insist the Yalta formula gives each of the Big Five powers to right to veto discussions of na international dispute in a world security council.

But there was some inclination among American delegates to the United Nations conference to bring the controversial question before the Big Five even if the Russians do not broach it.

In view of the fact the all-important veto question was not mentioned at yesterday's Big Five meeting the Russian request for another conference today came as a surprise to the other delegations.

Nothing Left.

United States delegates said there is nothing of importance left for the Big Five to discuss unless it is the Yalta voting procedure or some other question which has not yet assumed major proportions.

If Moscow continues silent on the veto controversy, the whole disagreement may turn toward an open fight in the United Nations conference, with the prospect Russia would be defeated. Also, formal statements outlining the situation may be issued.

That would have the effect of speeding up conference work. The veto issue has jammed important progress for almost two weeks.

The Big-Five met late yesterday but the subject was not discussed.

The Russian view on the veto is flatly opposed to that of the American delegation which is shared by Britain, France and China. These four contend that no power could have a veto vote until after a dispute had been discussed.

Few Meetings.

In the conference itself committee meetings have been few and their production limited the past two days. One yesterday agreed on final wording for a section of the charter dealing with economic and social cooperation among nations. It says the United Nations should promote:

"(A) higher standards of living, full employment, and conditions of economic and social progress and development;

"(B) Solutions of international economic, social, health, and other related problems; international cultural and educational cooperation; and

"(C) Universal respect for, and observance of, human rights and fundamental freedoms for all without distinction as to race, language religion or sex."

Nephew of Corsicana Resident Reported As Missing In Action

An item appearing in state newspapers on Sunday revealed that Second Lieut. William J. Summy, of Fort Worth, nephew of Mrs. Joe York of this city, is still missing in action in the Pacific Theatre of Operations. Lieut. Summy was a Superfortress navigator based in the Marianas.

Letters have been received from his pilot, group commander and chaplain. He was on his tenth mission, an attack on Japanese air fields on Southern Kyushu. After the mission was completed, enemy fighter planes appeared, damaged his plane and the crew was ordered to bail out over the Pacific. Other members of the crew were picked up the next day.

Lieut. Summy has been overseas with the 21st Bomber Combmand since March. Members of his crew nicknamed him "Hot Rock," because of his ability to direct his plane over the small rocky islands that are navigators' aiming points. "As a navigator I don't think he could be beaten,'' his pilot, Lieut. Eugene L. Brown, wrote his parents, Mr. and Mrs. H. J. Summy. "We completed eight missions together to the empire."

Lieut. Summy is a graduate of Allen Academy and attended Texas A. and M. College and TCU.

Market Report

Cotton

Texas Spot Markets

DALLAS, June 7.—(AP)—Spot cotton, 22.50; Galveston, 22.57; Houston, 22.60.

New Orleans Cotton Table

NEW ORLEANS, June 7.—(AP)—Cotton futures advanced to new seasonal highs on some months here today. The advance was attributed to price fixing and buying stimulated by Washington reports which indicated higher ceiling prices on textiles. Closing prices were steady, 20 to 55 cents a bale higher.

PROMOTION—Edward H. Hamillton, 25, U. S Army, infantry, now stationed in Germany, has been promoted from first lieutenant to the rank of captain, according to information received by his wife. Mrs. Margaret Hamilton, and year old son. Kenneth Edward, 600 North Commerce street. Entering the service in Nov. 1940, he attended officers candidate school and was commissioned in April 1942. He has been overseas since December 1944 A commendation for 'exceptionally meritorious service in action against the enemy, Feb. 4-5, 1945" was awarded Capt. Hamilton by Maj. General A. J. Barnett. He is the son of Mr. and Mrs. S. E. Hamilton, Corsicana.

SGT. L. C. MORGAN GETS HIS DISCHARGE FROM U. S. AIRFORCE

T-Sgt. L. C. Morgan, Jr., U. S. A.A.F., 90th Bomber Group Headquarters, Pacific area, was started home recently on a furlough and ended up with a discharge, it was revealed.

Arriving last week in San Antonio he was asked if he desired a discharge as he had 104 points. The answer was in the affirmative, and he arrived home Thursday with his discharge and made the acquaintance of his two-year-old daughter, Peggy, whom he had never seen.

Sgt. Morgan was stationed in New Guinea, Biak and in the Philippines before bein sent home after 32 months overseas service.

A 1938 graduate of Corsicana High School, Sgt. Morgan was a senior in the University of Texas Business Administration school when he enlisted in the AAF in January, 1942. He plans to return to the University and finish his BBA degree.

Mrs. Morgan, the former Evely Aldridge of Many, La., and Peggy were here with his parents, Mr. and Mrs. L. C. Morgan.

Cpl. Ray Langston Back In States And Talks To His Wife

Cpl. Ray Langston, ordnance, U. S. First Army, has arrived in the states and expects to be sent to San Antonio, and then home on furlough, according to a telephone message to his wife Sunday night. He telephoned from an East Coast port. Cpl. Langston has been overseas 19 months and has been stationed in England, France, Belgium and Germany. He entered the armed forces January 20, 1943.

Vernon, and five step-children, Mrs. Vernon Sweeney, Houston; H. A. Butcher, Austin; E. H. Butcher, California; W. A. and J. A. Butcher, both of Dallas.

Pallbearers were G. D. Gillen, J. D. George. G. W. Page, J. H. Brooks, Sam Barham and Robert Barham.

McCormick's Funeral Service directed.

CHARLES C. IRBY NEW PRINCIPAL AND COACH STATE HOME

Charles C. Irby has assumed his duties as high school principal and coach at the State Home here, it was announced Tuesday morning by Moyne L. Kelly, superintendent. He succeeds L. B. Pippin who resigned last January to accept a position in West Texas.

W. C. Murdock. boys director. filled the position of principal and coach until Irby arrived this week to assume his duties.

Coach Irby met with the football boys of the Home Monday night for the first practice session. Regular summer practice will be held during June, it was announced.

Summer school is in progress at the Home.

Injuries Received Late Monday Fatal

John Hardiman, aged 76 years, negro, resident of North Fourteenth street, died in the P. and S. Hospital Monday afternoon from head injuries received early in the afternoon in the Southern Pacific Lines yards between Collin street and East Fifth avenue crossings.

Officers and others said investigations indicated the victim either attempted to board a fast northbound freight train or fell into the moving cars. His identity was not immediately determined.

The body was taken to a negro undertaking establishment for funeral arrangements.

Son Born Wednesday.

A son was born to Mrs. D. Blake High of Ennis at the Navarro Clinic Wednesday afternoon. Mrs. High before her marriage was Miss Cornelia Walker, deputy Navarro county clerk.
